

Astronomy Night

Mark Gee: Stories Behind the Art of Night

War Memorial Library
Friday 15 April
6.30pm

Celebrate Global Astronomy Month and join the 2013 Astronomy Photographer of the Year, Mark Gee, for a night of astrophotography!

Mark will talk about the stories behind his images and share insight into how he works including when things don't go to plan!

Bring your DSLR camera and tripod. If the sky is clear, we'll head outside after the talk and Mark will answer technical questions about photographing the night sky (telescopes provided)
